

June 2024

Please register on the ECBOCES website for accurate lunch count.

**Sessions will be in person from 9-3, no zoom available.
Make sure you check the location!**

Summer institute welcomes ECBOCES districts and current Alt Licenses participants! Bennett and districts outside of ECBOCES will be charged a fee of \$300 to attend. Contact Megan Eikleberry for more information or questions: megane@ecboces.org or 719-771-4030

- June 3rd- **Unlock the Power of Visible Learning for Literacy 6-12 (all content areas)**
 - **9:00-3:00 at the ECBOCES office. Stipend and lunch provided.**
 - Description: Please bring your unit and/or lesson plans for the first month of school! Dive deep into the groundbreaking work of John Hattie and explore how Visible Learning can revolutionize your approach to literacy instruction. In this immersive full-day workshop, you'll uncover the evidence-based strategies that have the greatest impact on student learning. Discover practical techniques to amplify student engagement, foster deeper comprehension, and accelerate progress. Gain insights into the factors that truly drive academic success, and learn how to align your teaching practices with the most effective interventions. Empower your students to reach new heights in literacy, and transform your classroom into a dynamic, evidence-driven learning environment. Join us on this transformative journey and unlock the full potential of Visible Learning for Literacy.
- June 4th- **Unlock the Power of Visible Learning for Literacy K-5**
 - **9:00-3:00 at the ECBOCES office. Stipend and lunch provided.**
 - Dive deep into the groundbreaking work of John Hattie and explore how Visible Learning can revolutionize your approach to literacy instruction. In this immersive full-day workshop, you will uncover the evidence-based strategies that have the greatest impact on student learning and plan to integrate them into lessons and units. Discover practical techniques to amplify student engagement, foster deeper comprehension, and accelerate progress. Gain

insights into the factors that truly drive academic success and learn how to align your teaching practices with the most effective interventions. Empower your students to reach new heights in literacy, and transform your classroom into a dynamic, learning environment in which the students gather and analyze evidence of learning alongside teachers. Join us on this transformative journey and unlock the full potential of Visible Learning for Literacy. Email Isaac at isaac@thecorecollaborative.com with any specific questions, context, or requests ahead of time to ensure you get the most out of this day together.

- **June 5th- Empowering Math Educators 6-12: A Journey into Visible Learning.**
 - **9:00-3:00 at the ECBOCES office. Stipend and lunch provided.**
 - Join Kristen Eveland this summer for a deep dive into John Hattie's work in Visible Learning through the lens of mathematics. In each full-day math workshop, we'll explore evidence-based strategies that have the greatest impact on student learning and classroom instruction. We'll dive deeper into student engagement and classroom discourse, and discuss how the timing of certain strategies can provide the most benefit for you and your class. You'll have planning time and support to incorporate new ideas in building conceptual understanding, procedural fluency, and a love of math!
- **June 6th- Empowering Math Educators K-5: A Journey into Visible Learning.**
 - **9:00-3:00 at the ECBOCES office. Stipend and lunch provided.**

- **June 7th- Unlock the Power of Visible Learning for Multilingual Learners K-12**
 - **9:00-3:00 at the ECBOCES office. Stipend and lunch provided.**
 - Join us for a day-long session where we will take a deep dive into the groundbreaking work of John Hattie and explore how Visible Learning can revolutionize your approach to reaching and teaching Multilingual Learners. In this immersive workshop, you'll not only uncover the evidence-based strategies that have the greatest impact on student learning but you'll discover practical techniques to amplify student engagement, foster deeper comprehension, and accelerate progress for MLs. This session will present you with insights into the factors that truly drive academic success for ALL students, and challenge you to learn how to align your teaching practices with the most effective influences for MLs. Empower your MLs to reach new heights and transform your classroom into a dynamic, evidence-driven learning environment. Join us on this transformative journey and unlock the full potential of Visible Learning for Multilingual Learners.

Beth Skelton's sessions June 10th-June 12th will be the same content but at different regional locations!!

- June 10th- **SWIRLing with Multilingual Learners K-12**
 - **9:00-3:00 at May Farms. Stipend and lunch will be provided.**
 - In this interactive, hands-on session, participants will discover what their multilingual learners can do and practice strategies that guide them to joyfully develop listening, speaking, reading, and writing skills through content instruction across the curriculum. Participants will leave the workshop with many 'zero prep' strategies that will provide opportunities for students to S.W.I.R.L. (Speak, Write, Interact, Read, and Listen) in every lesson. This full-day workshop is appropriate for ML and general educators in grades K-12.
- June 11th- **SWIRLing with Multilingual Learners K-12**
 - **9:00-3:00 at the ECBOCES office. Stipend and lunch will be provided.**

Participants will leave the workshop with many 'zero prep' strategies that will provide opportunities for students to S.W.I.R.L. (Speak, Write, Interact, Read, and Listen) in every lesson. This full-day workshop is appropriate for ML and general educators in grades K-12.
- June 12th- **SWIRLing with Multilingual Learners K-12**
 - **9:00-3:00 at the Stratton Community Center. Stipend and lunch will be provided.**
 - In this interactive, hands-on session, participants will discover what their multilingual learners can do and practice strategies that guide them to joyfully develop listening, speaking, reading, and writing skills through content instruction across the curriculum. Participants will leave the workshop with many 'zero prep' strategies that will provide opportunities for students to S.W.I.R.L. (Speak, Write, Interact, Read, and Listen) in every lesson. This full-day workshop is appropriate for ML and general educators in grades K-12.
- June 13th- **It's Like You're a Detective! Thinking, Reading, and Writing with DBQ Online 4-12**
 - **9:00-3:00 at the ECBOCES office. Stipend and lunch will be provided.**
 - Are you looking for ways to help your students improve their critical thinking and writing skills? Do you wish you had strong primary and secondary sources you could use to generate debate and discussion in class? This workshop is for educators new to DBQ and those who have some experience but would like a refresher. This interactive full-day workshop will provide concrete ideas and strategies you can use with your students. The DBQ Project's award-winning platform is already yours, courtesy of ECBOCES! Come learn more about how to use it!
