PathLight Belize

Invites Educators to

**Helping to Shape the
Future of Teaching in
Belize:**

A 2020 Vision

We are currently inviting teachers and educators to join us this year for our Annual Pathlight Teacher Training Conference in Belize, Central America. We are putting together a *volunteer Teacher Trainer team* that will conduct literacy/numeracy training for teachers in two cities across the country. Our American trainers will work alongside Belizean teachers, administrators and Ministry of Education directors to provide relevant professional development for educators in Belize.

Contact: nmuschamp@pathlight.org OR cgodfrey@pathlight.org for more information

What We Hope to Achieve?

This collaborative learning experience approach will leverage the power of mentorship and teacher-directed professional development. We invite you to join us, improving education in all of Belize and for those from other countries who work side-by-side

with teachers from Belize.
