Alternative Licensure Program

In January 1991, the Colorado State Board of Education adopted policies to implement alternative teacher licensure programs. These programs provide an opportunity for candidates to become licensed as teachers through a site-based, one-year program of training and supervision.

Alternative teacher licensure programs are developed and operated by school districts, independent schools, boards of cooperative services, institutions of higher education, or a combination of these groups. Alternative teacher licensing training sites are approved by the Colorado Department of Education (CDE). East Central BOCES is an approved designated agency for this training program.

School districts and independent schools may employ teacher candidates who hold a valid Statement of Eligibility issued by CDE, have passed the Place or Praxis Test and meet all other CDE Requirements. Each candidate then chooses a State Approved Alternative Teacher Licensure Program and completes the Assurance of Employment form which includes the signature of a school administrator and pertinent school district information. The Assurance of Employment is then sent to the designated agency for completion and attests to the candidate being enrolled in a state-approved program. The document is then forwarded to CDE. When the Department is notified by the designated agency, an alternative teacher license is issued. The license is valid for one school year. The **Alternative Teacher Program** begins at the start of the academic year in August.

Recently, the Colorado State Board of Education approved the East Central BOCES **Principal Licensure Program**. The program is designed to be completed within a one to three year period which includes working as an assistant principal or principal in a local school district and completing an individual growth plan based upon the eleven principal standards adopted by the State of Colorado. Upon completion of the program, passing the Colorado Principal PLACE Exam, and completing the 30 hours Certificated Evaluator Training Seminar, the candidate will be recommended for his/her Initial Principal License.

In 2018 the Colorado State Board of Education approved the East Central BOCES **Special Education Alternative Licensure Program**. The teacher training is based on the Colorado Teacher Quality Standards. Alternative teacher preparation programs vary in length from one year to three years. While serving as a teacher, alternative candidates put what they learn into practice immediately. Each candidate pathway is customized based on their previous experience and coursework.

East Central BOCES provides Two Alternative Licensure options for Special Education

Generalist:

- Special Education Generalist Licensure program (for those with a bachelor's degree but do not hold a teaching license)
- Special Education Generalist Endorsement Only Program (for currently Licensed Teachers)

East Central BOCES will accept candidates from across the state of Colorado. Candidates have a local support team including their supervisor, mentor, director of special education and are assigned a field supervisor through the program. Some classes will be face-to-face and many will be offered over ZOOM. Upon completion of all required coursework, EC BOCES Program Director will recommend to CDE that the candidate receive a license as an Initial Special Education Generalist by completing the CDE Approved Verification Form.

Gifted and Talented

East Central BOCES is the fiscal agent for the Gifted and Talented Program as directed by CDE. Gifted and Talented children are those persons between the ages of five and eighteen where abilities and talents and potential of accomplishment are so exceptional and developmentally advanced that they require special provisions to meet their educational needs.

East Central BOCES serves 20 districts and is striving to help all districts come into alignment with the State guidelines. A representative from each district is encouraged to attend each of the networking meetings that are offered each year. East Central BOCES also offers other classes and workshops for professional development and support in understanding and implementing the new guidelines for Gifted and Talented education.

The Migrant Education Program (MEP) is funded through Title I, Part C of the Every Student Succeeds Act of 2015 and awarded through the Office of Language, Culture, and Equity in the Colorado Department of Education. EC BOCES receives a sub-grant from Centennial BOCES as part of a regional grant. The Migrant Education Program provides supplemental and support services to eligible students. The primary purpose of the MEP is to ensure that all migrant students reach challenging academic standards and graduate with a high school diploma (or complete a GED) that prepares them for responsible citizenship, further learning, and productive employment. The MEP ensures that children of migratory farm workers have access to the same free, appropriate public school education that is provided to other children. It seeks to remove barriers to school enrollment, attendance, and achievement of migrant children.

The purposes of the Migrant Education Program (MEP) are to:

HB 12-1345 Grant

Provisions in the School Finance Bill (House Bill 12-1345) \$3.1 million provides funding to assist local districts with the implementation of the **state's educational priorities**. Educational priorities will be determined every three years by the commissioner of education, with input from BOCES and rural schools. The appropriate funds will be distributed to local BOCES, which must submit a plan to the State Board of Education detailing how the funds will be used. The bill also allows for the appropriation of funds to be used by CDE to hire a rural school liaison.

ECBOCES' Plan will focus on Professional Development for member districts in Decision Making for Results, Impact Team Support and Common Formative Assessments including resources aligned with each training. A small portion of this plan includes professional development for special education teachers and opportunities for all educators to gain knowledge to support all needs students may have.
